Porfavor haga que su medico llene este modelo y devuelvlo a la direccion que aparece en el encabezamiento de esta carta. Si no recibleramos la informacion requerida el tratmeiento no podra ser iniciado.

The patient, _____

has the following medical history: _____

_____

_____

_____

_____

Please inform us whether any restrictions or special precautions are necessary in providing this child with dental care, including fillings, extractions, and the administration of local anesthetics, or orthodontics. Orthodontic appliances often cause chronic irritation of gingival tissues with some bleeding and occasional infection of gingiva. Please indicate if this patient requires prophylactic antibiotic; other special car; or if any special precautions are required during the lengthy treatment involved in orthodontics.

-DENTAL CLEARANCE FORM-(CHILD)

Dear Parent/Guardian:

Now that your child is ready for orthodontic treatment, it is necessary that you have a general dentist examine and treat your child for tooth decay and other dental problems. After treatment is finished, please have your dentist complete the bottom half of this form. Bring the completed form that has been signed by your dentist to your orthodontist at the time of your first appointment.

Thank you.

DENTIST'S REPORT

Before orthodontic treatment can be initiated, all general dental care including prophylaxis must be completed. Upon termination of all needed treatment please complete the form, sign and give to the parent/guardian.

Thank you.

Patient's Name | Date of Birth

Home Address | Apt # | Borough/Zip Code

I have completed all necessary dental treatment for this patient.

PATIENT RESPONSIBILITIES

Orthodontic care will improve your child's appearance, and ability to eat and speak. Because this treatment takes about three years to complete, it is important that you and your child cooperate with your orthodontist.

Please make sure your child follows these guidelines:

1. Keep all appointments.
2. Call the orthodontist at least one day in advance if you must cancel an appointment. Make sure another appointment is made.
3. Make sure your child has all cavities filled before the orthodontic appliances are placed.
4. Make sure your child wears the appliances as directed by the orthodontist.
5. Report immediately to the orthodontist any problems with the appliance or loss of an appliance.

Please call the Montefiore Department of Dentistry office if there is:

- a change of address or telephone number
- any problems your child has with the orthodontic treatment
